

I made this website as a project for my Web-based-project course in 3rd year first semester. Basically I wanted to learn to use HTML, CSS, PHP in web-design, so I chose to make a sample alumni website for an educational institution (here, for RUET). I am trying to describe it with directions and screenshots.

### **Directions:**

### **Screenshots of this Project:**

## About the RUET Alumni Association

The RUET Alumni Association (RAA) maintains and enhances a highly engaged, vibrant community of alumni and friends worldwide.

The RAA, with offices on the xth floor of yth building of RUET, is the official association of all alumni of Harvard University.

The purpose of the RAA as stated in its Constitution is to promote the welfare of RUET and to establish a mutually beneficial relationship between RUET and its alumni. The RAA helps alumni connect with the University and with fellow graduates through a wealth of Club activities and alumni events around the world.

Our mission is to create a forward-looking organization for the alumni of RUET for their social, cultural, and professional pursuits; for fostering greater fellowship among themselves; for rendering all possible support to the transformation of the beloved alma mater into an institution of higher learning in technical and science education that is among the best in the world; and for contributing to accelerated and sustainable national development..

One of our main responsibility of the Committee is to hold a successful convocation. This Association is for making a Quality Cycle- where an entry could make a man polished, a real touchstone. Simultaneously, it is for making a garden where all the members will outdo the odds and maladies of the society in glee.

Its activities will include donations of various kinds, relief work during natural calamities, arranging fund-raising events, sustainable contributions to poverty alleviation such as providing trainings and micro scale capital to micro scale entrepreneurs etc. On doing these activities this Association will establish Unity, Compassion and Brotherhood among the graduates in a ground full of assistance and cooperation.

In addition, the RUET Alumni Association sponsors yearly meetings away from Cambridge in conjunction with local RUET Clubs. These meetings assist in spreading the current story of RUET.

## Our Address

Xth Floor, Yth Building,  
Rajshahi University of Engineering & Technology.  
Rajshahi - 6204.

## 5th Convocation of RUET

- **Event Date** : 2019-12-01
- **Event Description** : The fifth convocation of Rajshahi University of Engineering and Technology (RUET) was held successfully on December 1, 2019. President and Chancellor of RUET M Abdul Hamid kindly consented to grace the occasion, added the release quoting Professor Selim Hossain, Registrar-in-Charge. The graduates who obtained B.Sc, M.SC, M. Phil and Ph.D from 2009-10 to 2014-15 academic years from RUET can take part in the convocation. The interested students completed their respective online registration through visiting the www.ruet.ac.bd website by October 20 with payment of Taka 4,500 per student as registration fee. The vice-chancellor also said that various sub-committees were working relentlessly to complete the convocation successfully and preparations to their end have already been completed...

## Event Photos

## Hello Visitor!

This is our new website of RUET Alumni Association. Are you one of those students who haven't joined yet? Then we want to invite you to become a member. You will be able to find information to touch your dream or you can share your career progress and valuable research with us. Feel free to join now & update your profile here. Stay connected and take advantage what we offer to all of our members...
